

Cinema SB350

Home cinema 2.1 soundbar with wireless subwoofer

Stunning home theater sound with a wireless subwoofer

Designed to perfectly match any TV, the JBL Cinema SB350 projects stunning, virtual surround sound from a sleek and simple package. It connects wirelessly to its compact, powerful subwoofer, and connects with a single wire to a TV. It can also play music wirelessly from Bluetooth® smartphones or tablets. It remembers up to 10 Bluetooth® devices for instant reconnection. It can learn any TV remote volume control, giving you simplified control over your cinema experience.

Features

- ▶ Brings stunning, cinematic sound to any thin-profile TV
- ▶ Complete all-in-one solution with compact 6.5" (165mm) wireless subwoofer
- ▶ Simple one-cable connection to your TV with HDMI® ARC, analog or optical
- ▶ No more loud commercials – Harman Volume keeps your sound levels consistent
- ▶ Big movie sound with Dolby® Digital and Harman Display Surround sound
- ▶ Stream music from your smartphone or tablet with Bluetooth®
- ▶ Simplify your experience by using your existing TV remote control for operating your soundbar

Cinema SB350

Home cinema 2.1 soundbar with wireless subwoofer

Audio

- ▶ Frequency response: 45Hz–20kHz
- ▶ Maximum SPL: 100dB
- ▶ JBL Cinema SB350 includes two-way, dual driver left and right speaker modules, each with two 55mm (2.25") full range drivers and a 32mm (1.25") dome tweeter.
- ▶ Wireless, powered subwoofer with a 165mm (6.5") driver in a ported enclosure
- ▶ Total Cinema SB350 amplifier power: 320W max

Sound processing

- ▶ Harman Display Surround mode creates a complete virtual surround sound experience without any extra speakers or wires
- ▶ Two-channel stereo mode for traditional stereo playback
- ▶ Dolby® Digital Decoding
- ▶ Harman Volume helps you maintain the same volume level, no matter what you're watching – be it a film, TV show or TV commercial

Connectivity

- ▶ One HDMI® output with Audio Return Channel (ARC)
- ▶ Bluetooth® connectivity
- ▶ One stereo analog-audio input
- ▶ One optical digital input
- ▶ One USB port for software update

Ease of use

- ▶ An included IR remote allows you to conveniently control all JBL Cinema SB350 functionality
- ▶ Programmable JBL Cinema SB350 that can obey your TV remote's volume and power commands, enabling a single remote to control your whole home theater system
- ▶ Independent subwoofer level control from the remote control
- ▶ Audio feedback allowing direct audio confirmation for some operations of the Cinema SB350, like Harman Volume
- ▶ Auto turn-on circuit automatically switches the subwoofer from 'standby' to 'on' when an audio signal is present
- ▶ EQ switch lets you adjust the soundbar's bass for wall mounting or table mounting to deliver the most natural-sounding bass performance in any installation
- ▶ Phase switch lets you fine-tune bass performance to your listening environment and taste
- ▶ Subwoofer-level control directly from the remote control to let you achieve the best balance between the subwoofer and soundbar for a variety of rooms
- ▶ Hardware (included) that makes it easy to mount the soundbar on the wall along with your flat-panel TV

What's in the box:
